### Project Brief

Rebecca and Andrew had a very specific brief in mind - a Hamptons style beach home with the first floor addition integrated with the existing home so that it did not look like an after thought.

### The Result

The first floor addition provides a magnificent parents' retreat featuring a master bedroom, WIR and ensuite. It is reminiscent of a luxury hotel suite with its separate lounge area and balcony. The generously-sized ensuite echoes this luxury, with a twin shower, recessed shaving cabinets, wall hung vanity and quality fittings. The first floor also includes a guest bedroom/study to complete the story.

### Client Comments

*'Darek listened carefully to our ideas, requirements and budget expectations. He was extremely professional, knowledgeable and intuitive. His first design absolutely nailed the brief.'*
