External Finishes:	Insulclad
Rooms Added:	Master Bedroom with Ensuite, 2nd, 3rd and 4th Bedroom, Main Bathroom, separate WC and Deck

Project Brief

When the clients first bought their house in Lane Cove they always knew that they would renovate, it was just a matter of timing. It was very important to them that their family was able to remain in the house during the renovations and Cape Cod were more than happy to accommodate.

The Result

The transformation of this home has definitely exceeded the client's expectations way beyond what they had imagined. The modern contemporary design flows from outside through to the inside with clean lines and simple details. Cape Cod have given them the space, the design and the flow they had so much desired for their family home, along with a stunning house that stands proud amongst the other homes in their street.

Client Comments

'We were really surprised by how much we now use certain areas, like the front porch. As it turns out, that area actually gets a lot of sun, so we spend quite a bit of time there that we didn't necessarily think we would. We also really appreciate the very simple things, like having the carport and not getting wet when it's raining. Cape Cod did a great job and we love our new home. We got so much more than we had hoped for.'
